

# Van

(manual and automatic)

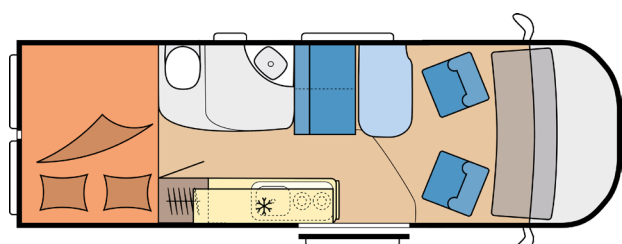

Great for city breaks and holidays for couples.

The compact Van motorhome category is a true eye-catcher with its dynamic exterior design. These compact van-style motorhome models are perfectly suited for urban streets or cruising down narrow roads in the mountains. Its state-of-the-art, timeless exterior design is a guaranteed head turner also at camping sites.

Although the exterior measurements are small, the Van includes the same wonderful facilities as our bigger models: state-of-the-art bathroom and fully equipped cooking facilities.

*TC Van (2 pax) - four-wheel drive vehicles are available only in Keflavik. The specifications are as in normal Van. Van 4x4 comes with manual transmission only.*

All rental vehicle types shown in this Manual are for illustration purposes only. Actual rental camper vehicles vary from photographs and illustrations. This means that vehicle details e.g. bed dimensions will vary. Touring Cars reserves the right to change specifications and/or supply a similar or higher-class vehicle for the advertised price without prior notification.

# Small

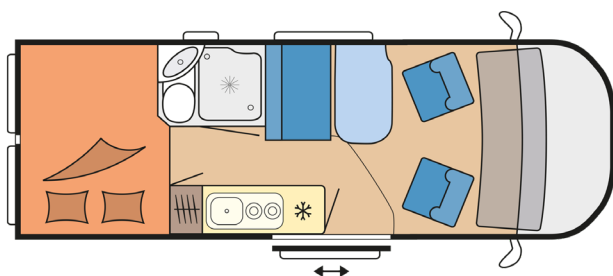

(manual and automatic)

Easy option for couples to enjoy an even longer luxury vacation on wheels

Our Small category rental camper is the most popular category for two people vacations. It is the perfect choice for a couple planning a private holiday full of experiences. With a compact camper, it is easy to drive on narrow scenic routes, as well as urban streets.

The interior of this category is designed for two people. This category has sleeping facilities for two at the rear of the vehicle and a spacious dining area in the front of the vehicle. Also, this category includes a state-of-the-art bathroom and fully equipped cooking facilities.

All rental vehicle types shown in this Manual are for illustration purposes only. Actual rental camper vehicles vary from photographs and illustrations. This means that vehicle details e.g. bed dimensions will vary. Touring Cars reserves the right to change specifications and/or supply a similar or higher-class vehicle for the advertised price without prior notification.

# Medium

(manual and automatic)

## Enjoyable luxury holidays for up to four people

This rental motorhome category is probably the most versatile one. It offers you a five-star homebase that you can easily take to the most remote locations. It's the perfect rental motorhome to use for exploring the shores of the Arctic Ocean, as well as to cruise through the white-washed villages in Southern Spain. This category accommodates up to 4 people and provides excellent storage facilities.

Medium category rental motorhomes are all beautiful semi-integrated models. Owing to its size, this category suits both urban streets and rural scenic routes.

All rental vehicle types shown in this Manual are for illustration purposes only. Actual rental camper vehicles vary from photographs and illustrations. This means that vehicle details e.g. bed dimensions will vary. Touring Cars reserves the right to change specifications and/or supply a similar or higher-class vehicle for the advertised price without prior notification.

# Family for 5

Great option for a memorable family vacation for five

Family category rental campers have been designed specifically with kids in mind: the whole family can enjoy additional dining space and children just love the bunk bed at the back of the motorhome. In addition, there is a generous front bed/drop down bed plus a double bed that can be made from the seating area in the middle of the motorhome in a minute. Traveling in a Family category rental motorhome is fun. The kids can play at the seating area whilst safely fastened with the three-point seat belts, and enjoy the obligatory snacks passed from the front seats. Vehicles from this category are semi-integrated or alcove type.

All rental vehicle types shown in this Manual are for illustration purposes only. Actual rental camper vehicles vary from photographs and illustrations. This means that vehicle details e.g. bed dimensions will vary. Touring Cars reserves the right to change specifications and/or supply a similar or higher-class vehicle for the advertised price without prior notification.

# Large for 5

The best option for groups of up to five with a lot of luggage

Our Large category rental motorhomes offer the biggest possible storage space and room for all of your belongings. When choosing this category, you don't need to leave anything behind. Motorhomes in this category feature three beds: one in the alcove at the front of the vehicle, one can be transformed from the seating area at the middle of the motorhome, and one at the rear of the motorhome.

This well-designed motorhome category allows you to make yourself comfortable, or invite friends for a fun day of cruising anywhere in Europe.

All rental vehicle types shown in this Manual are for illustration purposes only. Actual rental camper vehicles vary from photographs and illustrations. This means that vehicle details e.g. bed dimensions will vary. Touring Cars reserves the right to change specifications and/or supply a similar or higher-class vehicle for the advertised price without prior notification.
